

**Workshop on Classification and Subject Indexing in Library and Information  
Science (LIS'2014)**  
as part of the European Conference on Data Analysis  
Jacobs University Bremen, Information Resource Center (IRC), Seminar Room

(Status as of 30.5.2014)

| July 2, 2014 |  |
|--------------|--|
| 09:30        | Opening of ECDA (incl. Best Paper Award)   |
| 10:45        | Plenary  |
| 11:30        | <i>Coffee Break</i>  |
| 12:00        | Semi-Plenary   |
| 12:45        | <i>Lunch</i>   |
|              | Chair: Frank Scholze (KIT Library)   |
| 14:00        | Context Analysis and Context Indexing: Formal Pragmatics in Knowledge Organization<br>Michael Kleineberg (Humboldt University Berlin)  |
| 14:45        | Collaborative Literature Work in the Scientific & Educational Publication Process: The Cogeneration of Citation Networks<br>Leon Burkard; Andreas Geyer-Schulz (Karlsruhe Institute of Technology, Institute of Information Systems and Marketing, Chair of Information Services and Electronic Markets) |
| 15:30        | Subject indexing for author disambiguation - opportunities and challenges<br>Cornelia Hedeler, (The University of Manchester); Andreas Oskar Kempf; Jan Steinberg (GESIS - Leibniz Institute for the Social Sciences)  |
| 18:00        | <i>Library Tour (Staats- und Universitätsbibliothek Bremen, Bibliothekstr., 28359 Bremen)</i>  |
| 19:30        | <i>Dinner „Ständige Vertretung“ (Böttcherstr. 3-5, Bremen City)</i><br><a href="http://www.staev.de/de/bremen/unsere-staev.html">http://www.staev.de/de/bremen/unsere-staev.html</a>   |

| <b>July, 3, 2014</b> |   |
|----------------------|---|
| 09:00                | Plenary   |
| 09:45                | Semi-Plenary  |
| 10:30                | <i>Coffee Break</i>   |
|                      | Chair: Magnus Pfeffer (Stuttgart Media University)  |
| 11:00                | Classification systems in German public libraries: An overview about the status quo and its application<br>Frank Seeger (ekz Reutlingen)  |
| 11:40                | Storing and Analyzing Bibliographic Metadata with ElasticSearch<br>Clemens Döpmeier (Institute for Applied Computer Science, KIT)   |
| 12:20                | The ofness and aboutness of survey questions: improved indexing of social science data<br>Tanja Friedrich; Pascal Siegers (GESIS - Leibniz Institute for the Social Sciences)   |
| 13:00                | <i>Lunch</i>  |
| 14:00                | Semi-Plenary  |
|                      | Chair: Michael Mönnich (KIT Library)  |
| 14:45                | Subject Indexing of Textbooks - Challenges in the Construction of a Discovery System<br>Bianca Pramann; Jessica Drechsler; Robert Strötgen; Esther Chen (Georg Eckert Institute for International Textbook Research Braunschweig)   |
| 15:25                | Bibliographic Report 2013: A choice of relevant decimal classification literature<br>Online report 2013: A choice of interesting web-features for classifications<br>Bernd W. J. Lorenz (University of Applied Sciences for Public Administration and Legal Affairs Munich) Michael Franke (Free University Berlin) |
| 15:45                | <i>Farewell</i>   |
| 16:00                | <i>Meeting of LIS PC</i>  |
